

# Beaumont

## Grand Canyon Regional Ophthalmology Meeting 2018 June 9-10, 2018 • Flagstaff, Arizona

### Objectives

*At the conclusion of this activity, learners should be able to:*

- Practice the skills and knowledge indicated by the AAO Practice Emphasis Areas (PEAs).
- Identify the top missed diagnosis of pediatric ophthalmology conditions.
- Cite new techniques available in the treatment of macular degeneration.

### CME Accreditation and Credit Designation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Beaumont Health and A2 Ophthalmological Society. Beaumont Health is accredited by the ACCME to provide continuing medical education for physicians.

Beaumont Health designates this live activity for a maximum of 10.0 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Resolution of Conflicts of Interest:** In accordance with the ACCME Standards for Commercial Support of CME, Beaumont Health implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

**Unapproved Use:** It is the policy of Beaumont Health to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

**Disclaimer:** The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.
